Wholesale orders are 1st order a minimum of \$150 excluding postage. Orders after that only must be a minimum of \$80 plus postage.

You can specify a calibre, but branding marks vary depending on stock. We can make everything as uniform as possible if you wish to make sets etc. If you have a specific brand you wish to be used, please reach out to discuss as this may affect your pricing depending on how easy your request is. We are also able to use your own brass if requested to make the product more YOU.

There are no minimum monthly orders or anything. Only thing we ask to keep your wholesale account active is at least 1 order every 6 months.

All orders are made to order so depending on the size of your order please allow 7 to 14 days to complete and ship. We will notify you once your order is with us on turnaround times. We will also be advised of any delays that may apply pending stock levels at our end. We are only a small family run business and at times we do run out of or low on stock.

50% of the order value is due within 3 business days of the order being placed and balance is to be paid before shipping. Payment options for wholesale customers are Credit Card, PayPal or Bank deposit. Production will not start until 50% payment has been received and will not ship until payment balance is received. Any cancellations after production has started are subject to a 20% fee of the deposit you have paid on your order. Any increases to your order are welcome but it may increase the time to get your order to you.

Prices listed are for basic packaging only. we do have the option of upgraded packaging to clamshell, Personalized logo backing cards & boxed items. Please refer to the wholesale price list for prices.
